

CENTURION

The Centurion wheels are the hockey-specific wheels produced by Roll-Line®. Given their characteristics, these wheels have been equipped with a rigid hub which supports the polyurethane tread. The completely smooth surface of the wheels offers an instantaneous and extraordinary grip. Their particular tapered profile allows for excellent agility. The smooth surface of the wheels allows for an excellent grip in lateral stopping movements. Available in four hardnesses (colors) and one diameter: 62 mm. Available in sets of 8 wheels (It is at the discretion of each reseller to sell units in smaller quantities). NOTE: Being made of polyurethane, the Centurion wheels are graded with the Shore scale A. It is advisable to periodically clean the wheels, taking care to: remove the bearings remove the dust with a rag wash the wheels with water and a light, neutral soap avoid harsh products such as alcohols, gasoline, etc.
