

GIOTTO

The Giotto frame (plate) is the frame of excellence designed expressly for Figures. The 16° inclination of the king-pins render the Giotto the perfect frame for the execution of excellent figures. It comes furnished with a set of elastomer cushions, plus a second (extra) set of elastomer cushions for the execution of Figures. “Click-action” mechanism that allows for heightened precision with truck-adjustment, maintaining their orientation even during more complex movements and skating. Frame derived from a drawn Aluminum bar, and completely created using computer numerical control (CNC) machining. 13 mm king-pins inclined to 16° with traditional trim. Aluminum trucks with 7mm steel axles and adjustable pivot pin. Tool kit included.
